**WHOLESALE TRADE
LIST**

of

**STEELE'S
SHREWSBURY
NURSERIES**

EATONTOWN, NEW JERSEY

Terms and Conditions

CUSTOMERS are requested to state mode of shipping, express or freight, and by what route. When none is given we exercise our judgment, but in no case do we assume responsibility after goods are shipped unless for our own mistakes.

While we exercise the greatest care to have all trees, shrubs and plants sold by us genuine and reliable, and hold ourselves prepared to replace, on proper proof, any that may prove otherwise, we do not give any warranty, expressed or implied, and in case of any error on our part, it is mutually agreed between the purchaser and ourselves that we shall not at any time be held responsible for a greater amount than the original price of the goods.

All claims for errors or deficiencies must be made immediately upon receipt of the goods.

TERMS: Cash with order from unknown parties, or satisfactory references.

Five hundred will be furnished at the thousand rate; fifty at the hundred rate and five at the ten rate.

The prices quoted are for our selection and are effective until June 1st, 1925. Where stock is selected by customers it will be charged for in accordance with its value.

Shipment in bulk will be packed at no charge. Where packing is done in boxes or bales a charge will be made to cover the cost of material used.

A certificate of inspection from the State Entomologist will accompany each shipment.

The Spring shipping season usually begins here about March 15th, and the Fall season for evergreens, August 15th. Deciduous stock, October 15th.

Eatontown is on route No. 4 of the New Jersey State Highways, and about forty miles from New York on the Southern Division of the C. R. R. of N. J.

Our business is primarily retail and our stock developed for high-class landscape work. We do not inventory any item which is not strictly first-class in every way. This Trade List comprises what we have in sufficient quantity to offer the trade for Spring, 1925.

In the year 1923 one buyer used three carloads of our stock, in 1924 the same buyer used seven carloads and we have large orders from him for Spring delivery. Our business with many other discriminating buyers has increased in the same proportion. We give conscientious attention to all orders, and to those at a distance who require same, we will gladly give references which will satisfy them that we merit their consideration.

STEELE'S SHREWSBURY NURSERIES.

Deciduous Trees

In our opinion deciduous trees should have reasonably straight stems, in most instances free of branches at least 7 feet from the ground; have well developed and balanced heads, and have been transplanted sufficiently often to insure a close mat of fibrous roots.

When selection of trees is left to us, we steadfastly maintain the above standards.

Evergreen Trees

Our evergreens are grown on a heavy loam, are not crowded, and are frequently transplanted. Where necessary to produce dense growth they are trimmed or sheared, the result being that we are able to offer stock of exceptional quality, which handles in the best possible manner.

Prices quoted include digging with ball and burlapping.
